

Announcement

Visitation Restrictions:

Due to the rising numbers of COVID-19 in the community, both Transitional Care Units in Bayonne Medical Center and Hoboken University Medical Center will have visitor restrictions to protect our patients. We are offering FaceTime/virtual calls for TCU patients to connect with their family and friends. Weekly conference calls are also offered to families to be updated on the daily operations and scheduled activities in TCU. Please reach out to the director of activities/activities coordinator to schedule an appointment for virtual calls or to participate in weekly conference calls.

Bayonne Medical Center Transitional Care Unit:

Please call Caitlin Gnazdowski, Activities Coordinator, at 201-858-7330 to schedule virtual calls or to be included in the weekly conference calls for operational updates. Please feel free to reach out to Caitlin Gnazdowski for any feedback, questions, concerns, or complaints.

Weekly conference calls are held Fridays from 3 pm to 4 pm.

Hoboken University Medical Center Transitional Care Unit:

Please call Rayza Batista, Director of Recreational Activities, at 201-418-2151 to schedule virtual calls or to be included in the weekly conference calls for operational updates. Please feel free to reach out to Rayza Batista for any feedback, questions, concerns, or complaints.

Weekly conference calls are held Mondays from 2 pm to 3 pm.

Transitional Care Units Ranks Best Short-Term Rehabilitation

Congratulations to both Transitional Care Units in Bayonne Medical Center and Hoboken University Medical Center for maintaining the rank as best short-term rehabilitation 3 years in a row at US News and World Report!!!!
